

Air Conditioning - Building Services - Facilities Management

NBC Limited was formed in 1980, primarily a civil engineering contractor working in partnership with Costain, Thameswater and Southern Water.

A decision was made in 2004 to expand its services to include air conditioning. The new division has recruited electrical, mechanical and refrigeration engineers to provide a comprehensive service to all our customers.

NBC are a Kent based company operating throughout the UK. NBC are a member of the HVCA & conform to CIBSE & The Institute of Refrigeration guidelines.
